VIII. How to Use MIT-Lending Application

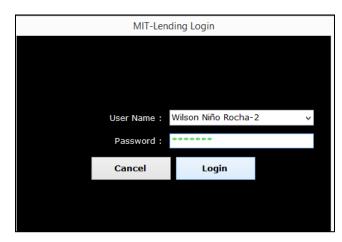

Note:

Every button available on this application is controlled by a user restriction, so if you don't find the button in the instruction, you might have no access to that module.

Main Modules:

- Payments
- Loans
- Clients
- Employees
- Reports

Login Interface

Note:

Once you're logged-in you will see the following window.

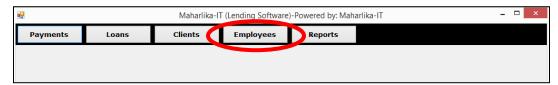

Note:

The data below the main interface indicates the connection status: GREEN, means connected, RED, means network error. The current user and his/her position is next to the connection status. You can also access settings from this area of the user interface.

All modules have pretty much the same interface, adding, deleting, searching, editing and updating. So, for example we will tackle the employee module.

a. EMPLOYEES

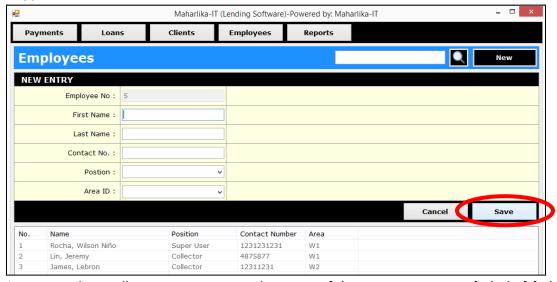

i. Click "Employees" button

ii. To ADD_NEW_EMPLOYEE click "New"

iii. Fill-in the required fields, then click "Save". Note: you can't proceed if one item is not filled.

iv. A message box will appear prompting the status of the action, success or failed, if failed read the error, print the screen if possible and then contact developer.

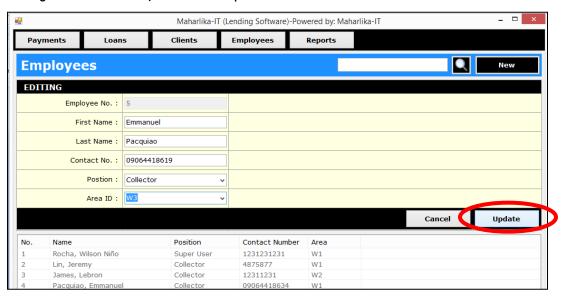

Note: a newly created employee has a default password of: "mitpass"

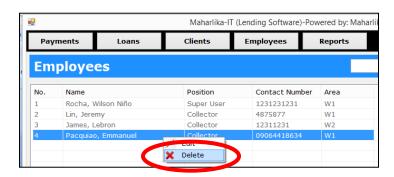

v. To **EDIT_EMPLOYEE** you will need right-click the employee you need to edit with, and then click edit.

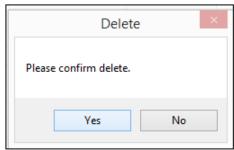

vi. Change incorrect data, then click "Update"

vii. To **DELETE_EMPLOYEE** you will need right-click the employee you need to edit with, and then click delete.

viii. Click "Yes" to Confirm Delete

ix. A message box will prompt indicating the status of the action, success or failed.

b. PAYMENT

i. Click "Payments"

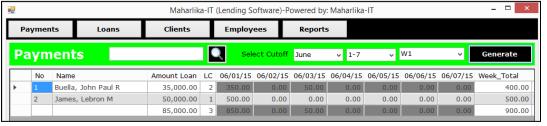

ii. The list of payments made is listed shown.

Note: Payment is generated according to CUTOFF, so you have to select the MONTH, the CUTOFF range, and the AREA and then click "Generate".

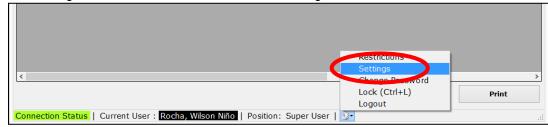

iii. A week of payment entry is generated for the selected month, cutoff and area combination. Only clients with active loans are listed in this generated payment entry.

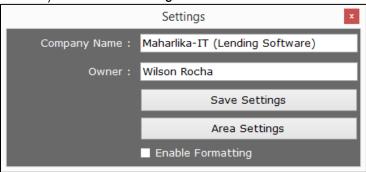

c. SETTINGS and RESTRICTIONS

Note: This can be found at the bottom of the main user interface.

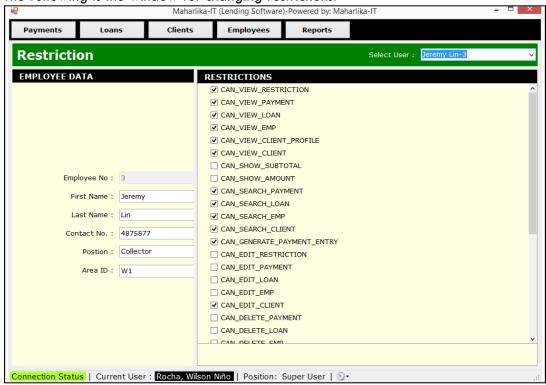

i. Click the gear icon at the bottom then click settings.

- ii. Here you can:
 - 1. change the Company Name
 - 2. change the Owner
 - 3. modify area settings
 - 4. enable /disable formatting

iii. The following is the window for changing restrictions.

iv. You can just check or uncheck certain restriction for a user.
